Reason	Explain in detail the reason for the non-compliance
Alternative solution	Provide a detailed alternative solution, preferably using another International Design Guideline or Standard. Attach a copy of the Standard / Clause to this Report

Important notes

1. To ensure all health facilities within the Emirate of Abu Dhabi are designed and built to a high standard, QSCH will enforce compliance with all requirements as set out in the Health Facility Guidelines. Practically this means all design aspects are to comply with the Standards and Guidelines as listed in Part A of the Health Facility Guidelines. However, there may be circumstances where compliance is difficult or impossible - only in those cases QSCH will allow the applicant to propose alternative solutions. This Non-Compliance Report in no way provides an opportunity for the designer to make the health facility compliant with a Standard / Guideline than prescribed by QSCH.

2. By signing the Deliverables for Schematic / Detailed Submission Form the Applicant confirms the list of non-compliances for both the deliverables and the design as listed in the Report is complete.
